**Future  
Ukraine-France  
cooperation  
in food  
transformation  
system**

Make sufficient nutrient-rich and staple foods available to all, produced sustainably

**Availability**

Ensure foods move along value chains more efficiently, improving accessibility and resulting in lower cost and loss

**Accessibility**

**Sustainable,  
healthy diets**

**Desirability**

Empower consumers to make more informed food choices, fueling rising demand for sustainable, healthy diets

**Affordability**

Ensure sustainable, healthy diets are affordable to all, with lower demand for ultra-processed products
