

French development cooperation in Africa and partnership with Japan: main features

#MondeEnCommun
AGENCE FRANÇAISE DE DÉVELOPPEMENT

GENERAL FRAMEWORK

OUAGADOUGOU SPEECH (28 Nov. 2017)

A new vision for a balanced partnership between Africa and France: renew our action in Africa, with a specific attention to youth aspirations and inclusion:

Traditional sectors revisited

Support to the private sector: 1 Bn€ for African SMEs (via AFD and Bpifrance)

Education: improving teachers' training, girls' education and professional training

Health: strengthening health systems

Agriculture: focus on employment and sustainable agriculture

Environment: climate adaptation, renewable energies and sustainable cities

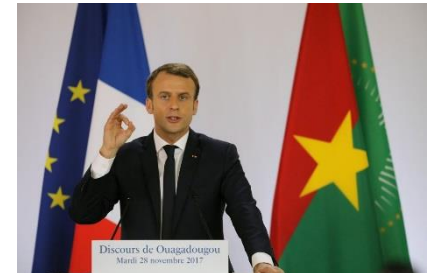

New cooperation sectors linked to African youth

Migrations: regulate but tap in its development potential (diasporas)

Higher education: increase partnerships between universities

Culture and sport: sources of development

Innovation and entrepreneurship: especially young people and women

→ growing and new commitments in these sectors for AFD

Next milestone: Africa-France summit in June 2020: sustainable cities and territories
