what a difference a package makes ....
implementing the third package in the energy community

Dr Dirk Buschle
Deputy Director
Energy Community Secretariat

Energy Policy in Central/Eastern Europe: What Challenges Lie Ahead?
ifri, 1 October 2015
the third package in the energy community

- adoption in 2011, implementation by 2015

- what does it actually change?
  - genuine new elements
  - household eligibility and dso unbundling
  - market opening
  - strengthening of national institutions

- complementary processes re infrastructure and regional integration
  - western balkan 6 summit
  - cese
third package implementation in ee and see

- who are these neighbours of ours? 5 case studies
  - ukraine
  - albania
  - serbia/kosovo*
  - fyr macedonia
  - bosnia and herzegovina

- some conclusions
  - integrating ee and see in the internal market / energy union
  - ten years on: the fundamental principles matter more than ever
  - challenges for the future: strengthening the rule of law
thank you.
